1. THE RISE-ALB PROJECT SUB-GRANTING SCHEME

1.1. BACKGROUND

The Project “*RISE-ALB: Strengthening of Social Entrepreneurship in Albania*” (hereafter called “RISE-ALB”), is a project financed by the AICS and implemented by ENGIM in partnership with: AAPSK (Albanian Ministry of Welfare - Confiscated Assets Agency), ALTIS University “Cattolica del Sacro Cuore” of Milan, Idea2020 spin-off of Tuscia University, ART-ER, Consortium Fare Comunità, Libera, Qendra Sociale Murialdo and PartnersAlbania.

The Overall Objective of the Project is to contribute to the sustainable, inclusive and legalistic development of the Albanian economy, promoting entrepreneurship and the reuse of property confiscated from the organized crime.

The Specific Objective is to empower the Albanian social economy through the strengthening of civil society organizations and the creation of social enterprises that ensure the socio-economic inclusion of people belonging to disadvantaged categories (especially women, young people and people with disabilities).

The Project RISE-ALB also contributes to educating the general public in Albania towards the positive impact of correct management of the assets confiscated from organized crime and the damages that an illegal approach has on the long term in terms of competitiveness, employment, and economic development.

The Expected Results are:

1. Improve the effectiveness and inclusiveness of policies in support of social entrepreneurship and the reuse of assets confiscated from the organized crime.
2. Encouraged experimental training and job placement initiatives of disadvantaged people.
3. Strengthen the capacity of civil society organizations in the field of social entrepreneurship.

One of the components of the project RISE-ALB is the sub-granting scheme, which provides financial support to the non-profit organizations in Albania for the implementation and development of their projects based on the social enterprises model. This component is co-financed by OSCE through the project “*Strengthening the fight against transnational organized crime in South-Eastern Europe through improved regional co-operation in asset seizure, confiscation, management and re-use*”.

The Project RISE-ALB is designed and implemented in compliance with the Law no. 10192, date 3.12.2009 “For the prevention and fight from the organized crime and trafficking through preventive measures against assets” and Law no. 34, date 04.07.2019 “For the administration of the confiscated assets”, and the Decision no. 888, date 11.11.2020 “For the determination of the evaluation criteria, method and procedures of giving in use and alienation of confiscated assets”.

1.2. SPECIFICATIONS OF THE CALL FOR PROPOSALS

The **specific objective** of this call for proposals is to support the development of social enterprises in Albania.

The no-profit organization not already recognized as social enterprises, the project proposals should demonstrate the willingness of the Applicant to request the status of social enterprise in the Albanian National Register of Social Enterprises.

The total budget allocated for this call for proposals is EUR 180,000.

The Call for Proposal is divided in two lots.

LOT 1 is for proposals related to social entrepreneurship focused on interventions in the identified asset confiscated from the organized crime.

LOT 2 is open for any proposal in the territory of Albania, more generally for social entrepreneurship and out

of the focus of the assets confiscated from the organized crime.

In the **LOT 1**, 45.000 EUR are financed by OSCE.

LOT1 is based on the Directive No.17, date 03.03.2021 “For making available the confiscated asset with an area of 85 sq, cadastral area 8524, number of propriety 4/216-B, Llagjia “E Re” Elbasan”. Through this call for proposals, the interested CSOs can apply to implement a project supported through the sub-granting scheme of the RISE-ALB project.

More detailed information on the confiscated asset from the organized crime available for the purposes of this Call for Proposals is attached as **Annex G** of these Guidelines.

The above mentioned confiscated asset from the organized crime is under the administration of the AAPSK, the state authority responsible for the administration of the sequestered and confiscated assets from the judiciary according to the provisions of the Albanian legislation.

Based on the Decision on the Inter-Institutional Committee against Organized Crime No.17, date 03.03.2021 “For making available the confiscated asset with an area of 85 sq, cadastral area 8524, number of propriety 4/216-B, Llagjia “E Re” Elbasan”, the AAPSK will sign a Usufruct Contract with the organization awarded within LOT1 through this Call for Proposals. The Usufruct Contract will allow the organization awarded to use the confiscated asset for a period of up to 5 years free of charge, with the possibility of extension of the contract, for the implementation of the project funded through this Call for Proposals and its continuation with the same actions and objective(s).

ENGIM invites all the Albanian Civil Society Organizations (CSOs) that aim to establish or develop social enterprises in compliance with the Albanian law on Social Enterprises (Ligj nr. 65/2016).

The current Call for Proposals seeks to support CSOs active all over Albania (see 2.1 Eligibility criteria).

The specific area of the **LOT 1** is Elbasan where the asset confiscated from the organized crime is located. The project proposals must be related to the above mentioned confiscated asset from the organized crime.

The area for **LOT 2** is all the territory of Albania.

The applicants should clearly indicate in the proposal the ways how they plan to ensure the sustainability of the services/products that will be developed and delivered after the project implementation period.

The creation of local networks and partnerships with different stakeholders in the targeted area, as an indicator of the sustainable re-use of the confiscated asset from the organized crime, is encouraged under this call for proposals.

The inclusion of the following aspects shall be considered a value added elements:

1. Participation in the training organized by ENGIM about capacity building for Social Enterprises.
2. Reconstruction and refurbishment details plan (if any), as requested in the Application Form, **ANNEX A**, Section 3 and Section 8.

2.1.3. ELIGIBILITY COSTS

Only ‘eligible costs’ can be covered by the grant. The categories of costs that are eligible and non-eligible are

indicated below.

The reimbursement of eligible costs may be based on the agreed budget specified in units and unit costs.

In *Annex B “Budget Proposal Form”* the Applicant must describe the information and methods used to establish the amount of the unit costs to which costs refer.

At the contracting phase, the Sub-Granting Authority decides whether to accept the proposed amounts on the basis of the provisional budget submitted by the Applicant.

The award of a sub-grant is always subject to the condition that the checks preceding the signing of the contract do not reveal problems requiring changes to the budget (such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs). The checks may give rise to requests for clarification and may lead the Sub-Granting Authority to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the sub-grant awarded or the percentage of the co-funding as a result of these corrections.

It is therefore in the Applicant’s interest to provide a **realistic and cost-effective budget**.

Eligible costs:

Eligible costs are actual costs incurred by the Beneficiary (Applicant awarded with a sub-grant) starting from the signature of the contract.

They cover the relevance of the project proposal, its consistency with the objectives of the Call for Proposals, quality, expected impact, sustainability and cost-effectiveness.

In addition, a reserve list will be drawn up following the same criteria.

STEP 4: NOTIFICATION ON THE SUB-GRANTING AUTHORITY DECISION

The applicants will be informed in writing of the Sub-Granting Authority’s decision concerning their application and, if rejected, the reasons for the negative decision. This letter will be sent by e-mail.

An Applicant believing that it has been harmed by an error or irregularity during the award process may lodge a complaint within 5 (*five*) working days from the day when the rejection e-mail has been received. The sub-granting Evaluation Committee will consider the complaints. The complaints will be answered within 5 (*five*) working days from the receipt of the complaint.

STEP 5: CONTRACTING STAGE

The contracting process will undergo the following steps:

1) Negotiations.

Prior to signing the contract, the Sub-Granting Authority reserves the right to negotiate with the applicant in order to:

- Ensure cost efficiency of the action;
- Ensure a fair balance between operational and non-operational costs: Costs of reconstruction and/or purchase of equipment must not exceed the 40% of the total grant of the project and costs related to human resources must not exceed the 20% (subtotal 1 of **ANNEX B**) of the total grant of the project;
- Reflect real market costs;

- Reflect costs in accordance with proposed activities.

The negotiation should in no way change the substantial part of the proposed action, but rather to be in line with the administrative/financial/programmatic rules of the Sub-Granting Authority.

2) Only for LOT 1: Signing of the Usufruct Contract with the Agency for the Administration of the Sequestered and Confiscated Assets (AAPSK). Prior to signing the contract with the Sub-Granting Authority, the selected Applicant will sign a Usufruct Contract with the AAPSK for the re-use of the confiscated asset free of charge for a period of up to 5 years. The signing of the Usufruct Contract will be facilitated by the Sub-Granting Authority and is based on the Decision of the Inter-Institutional Committee Against Organized Crime, No.17, date 03.03.2021.

3) Upon finalization of the above points, the sub-granting contracts will be signed between the applicants and the Sub-Granting Authority.

The grant will be paid as following:

- 60% of the total amount of the grant in advance payment and after the signature of the sub-granting contracts between the applicants and the Sub-Granting Authority;
- 30% of the total amount of the grant, only if the 80% of the first installment will be reported and then validated by the Sub-Granting Authority.
The first financial and narrative report should be sent no later than 20 days after the sixth month of the project and then validated by the Sub-Granting Authority no later than 20 days after the submission of the report by the Implementing body.
- 10% of the total amount of the grant, at the end of the project, only if the 100% of the grant will be reported and then validated by the Sub-Granting Authority.

The grant’s installments will be paid in EUR.
